6 Optional: HEPA-Filter

Replace it if heavily soiled

7 Check motor filter

Replace it if heavily soiled

8 Motor filter

Correctly inserted filter

9.1 Close vacuum cleaner 1

Step 1: Guide the upper part at a slight angle into the tab (a)

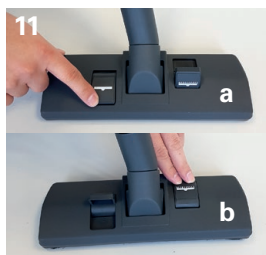

9.2 Close vacuum cleaner 2

Step 2: Press the flap (b) again

10 Switch on vacuum cleaner

Connect the power cord to power and press the switch

11 Combi floor nozzle

Carpet setting (a)
Hard floor setting (b)

12 Missing air supply

To clean soft textiles, open the air vent

13 Clean combi floor nozzle

After use, remove the nozzle and vacuum it

14 Switch off vacuum cleaner

Press the switch and disconnect the power cord

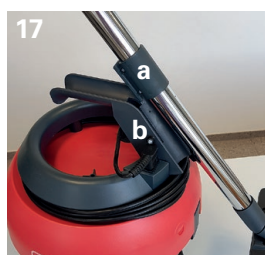

15 Clean vacuum cleaner

Wipe the entire vacuum cleaner with a slightly damp cloth

16 Winding up the cable

Wind the cable tightly under the black ring

17 Insert suction rod

Insert the slide clamp (a) at the handle (b) (model S10 plus)

18 Suction rod inserted

Only possible with the models S10 plus

19 Storing vacuum cleaner

Optionally wrap the hose around the suction tube

Insert dust bag

We offer dust bags from:

- Textile
- Fleece
- Paper

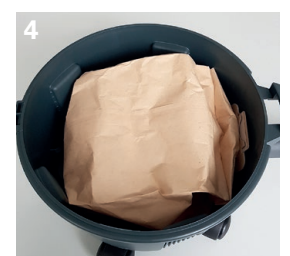

Clean the dust bag connection in the vacuum cleaner if necessary

Insert the dust bag
Observe the "Top Oben" mark on the dust bag

Plug in the dust bag tightly

Make sure that the dust bag is evenly positioned

Read the operating instructions before commissioning the machine!
