Steaming und vacuuming in one operation

For every application where hygiene is paramount, the DS 8 will perform with perfection. Even the most persistant dirt is removed without the need for degertants. Fat, oil or footprints are no problem for the powerfull steam vacuum unit. Available in three power variations it is ideal for cleaning anything from restrooms to professional kitchens. Walls, floors, tiles and windows are all left clean, germfree, and gleaming like new.

Site of crime: sanitary rooms or kitchens

Sometimes, there is high frequency, and some evidence remains, the DS8 ensures a germfree hygiene and shiny cleanliness, in order that you do feel comfortable again.

On the blanket in the kitchen, oil and fat is collected – it is easy to clean with the wall- and window nozzle.

Powerful with steam the DS8 tackles all contamination with the floor tool.

With the crevice tool you will reach every cavity.

With the long bent jet nozzle for the hard to reach areas.

The shortened crevice tool cleans small porous surfaces.

In the kitchen, spots of fat are loosen and vacuumed simultaneously.

Germfree cleanliness in sanitary rooms.

With the wall and ceiling nozzle, the tiles shine, like new.

The small wall nozzle is useful for cleaning rough walls. Thanks to the brush, the grooves become clean again.

- Benefit:
- 50% time saving with the steam vacuum unit
 - Less water and detergent consumption
 - Surfaces left bacteria and germfree
 - Ideal for rubber gaskets and uneven surfaces

Jet nozzle attachment is ideal for cleaning the uneven surfaces
